

STORIES OF SHOOTING

Driver of Young and Nan Insists He Did Not Look Inside

BYSTANDER SAYS HE DID.

Stemm Declares That Soon After He Heard the Shot He Saw the Driver Lift the Lid on Cab and Peer Inside.

New York, April 26.—The second of the prosecution's presentation of its case against Nan Patterson, the actress, on trial for the murder of Bookmaker Caesar Young in a hansom cab on West Broadway last June, was marked by two important points. The first the testimony of Michael the cabman, who was driving Young and the woman at the time of the tragedy, and the introduction by Mr. Rand of a skeleton to support his contention that the wound which caused Young's death could not have been self-inflicted.

Abraham Levy, senior counsel for the accused girl, interposed a stubborn objection to the admittance of this exhibit, and when Recorder Goff overruled him took an exception.

"I object to the admittance of this gruesome exhibit," he said. "This is not the time for its introduction; it may prejudice the jury, and it is not a reproduction of Young's body."

Had the exhibit been excluded it would have been a blow to the prosecution's case.

Michael, the cabman, told the story of the drive downtown which ended fatally for Young. In spite of the rapid questions of Rand, he persisted that he had not looked into the cab, even after the shot had been fired and the woman had raised the trap to tell him to drive to a drug store.

Levy tried to show that he had been up late the night before and was in no condition to remember what had happened; but Michael insisted that, although he was not feeling well, his head was fairly clear.

There was some discrepancy in the testimony given by Michael and William Stemm, Jr., who said he saw the cab at the time of the shooting. Stemm declared that soon after the shot was fired he saw the driver lift the trap on the roof of the cab and look inside.

The revolver with which it is alleged Young was killed, and which it is believed will figure prominently in the prosecution's case, again made its appearance when the trial was resumed yesterday. It had been identified by several witnesses Monday as the weapon found in Young's pocket soon after the tragedy, and yesterday the line of identification was followed down to the time it was brought into court.

It is upon its ability to establish the fact that J. Morgan Smith, Miss Patterson's brother-in-law, purchased this weapon the day before Young was killed that the prosecution bases its strongest hope of conviction.

Mr. Rand, the prosecuting attorney, in his opening address Monday declared without reservation that he would prove that Smith purchased the revolver from Hyman Stern, a pawnbroker.

Abraham Levy, counsel for the prisoner, however, declared as positively yesterday that he is prepared to show that Smith was many miles away from the Stern pawnshop at the hour the prosecution claims the gun was purchased.

TURKS RAN AWAY.

Arabian Rebels Defeated Big Force and Took Spoils.

Aden, Arabia, April 26.—The situation in Turkish Arabia has become critical. Only 100 of the Turkish troops sent to the relief of Riza Pasha reached Sanaa, capital of Yemen, and these fled thither after sustaining a defeat at the hands of the insurgents.

Riza Pasha's troops, 6000 strong, encountered the Arabs in great force five miles south of Sanaa March 30, and after a sharp encounter most of the troops, consisting of Syrian reserves, laid down their arms or deserted, the remnant of the Turks managing to reach Sanaa the same evening with only 50 camel loads of supplies.

The chief of staff, Izzat Pasha, was killed and seven guns were abandoned and taken possession of by the Arabs, who also captured 200 camels laden with provisions and large quantities of rifles and ammunition.

The investment of Sanaa by the insurgents is being tightened.

The Syrian re-enforcements which recently arrived in Arabia are unsatisfactory, and the Ottoman officials are anxiously awaiting the arrival of European battalions upon whom the fate of the capital of Yemen province depends.

HONOR TO GAMBETTA.

President Loubet Presided at Unveiling at Bordeaux.

Bordeaux, France, April 26.—President Loubet presided yesterday at the ceremony of unveiling of the monument to Gambetta by Dalon. It shows Gambetta standing in a meditative attitude on a pedestal. The figures about the pedestal include a child defending its mother and Wisdom assisting Liberty, both symbolical of Gambetta's patriotic labors at the close of the Franco-Prussian war. A vast crowd was present, and many notable addresses were made.

RECEIVER ASKED FOR.

Maryland Policyholder Sues the Equitable.

New York, April 26.—Receivership proceedings have been instituted against the Equitable Life Assurance Society by J. Wilcox Brown of Maryland, a policyholder in the United States Circuit court here. This application has been filed by Dos Passos Brothers, Battle & Marshall and Joseph De F. Gunkin, solicitors for J. Wilcox Brown of Baltimore, Md., who brings the suit for a receiver "for himself, as well as on behalf of all other policyholders who may choose to come and join in this suit."

In his bill asking for a receiver Mr. Brown sets forth that he has held a \$25,000 policy in the Equitable since December, 1897. His annual premiums amounted to \$649.75, a stipulation in the policy being that Mr. Brown "shall be entitled to participate in the distribution of the surplus—by way of increase to the amount insured." Mr. Brown says he "elected to receive his share of said surplus as ascertained from time to time in reduction to the premiums."

Although he has been paying the premiums for thirty-seven years, Mr. Brown says the amounts apportioned to him have not been the real amounts of his equitable share in the surplus that has accrued.

LIFE INSURANCE RISES.

Four of the Largest Companies Increase Premium Rates.

New York, April 26.—An increase of 3 to 6 per cent in the premium rates for policies which do not confer upon their holders a right to participate in the dividends of the company has been put into effect by four of the largest life insurance companies in this country.

The new rates of the different companies are essentially the same. On ordinary life policies the increase over old rates is between 3 and 6 per cent. This is the largest increase. On limited payment life and endowment policies the advance is between 3 and 5 per cent, varying somewhat according to the age of the insured.

The advance in rates follows complaints made by holders of participating policies that the difference between the rates charged for a non-participating policy and those charged for a policy that participates in the profits of the company have in some instances amounted to more than the dividends paid to the participating policyholder.

SUITS FOR A MILLION.

Cripple Creek Mine Companies Against the Miners.

Denver, Col., April 26.—Suits for damages aggregating to \$1,000,000 have been filed by eight Cripple Creek mine companies and the United States Reduction and Refining company against the Western Federation of Miners and its officers. The reduction company, being a foreign corporation, has filed its suit in the United States court, but the others filed theirs in the district court.

The suits are the outcome of the strike in the Cripple Creek district. The petitions allege conspiracy on the part of Meyer, Haywood and others, and of the Federation as an organization to injure the property and business of the plaintiffs.

QUITE A KIND BURGLAR.

Gets Glass of Water for Victim, But It Costs Her \$500.

Newburg, N. Y., April 26.—Masked burglars robbed the home of Postmaster J. J. Taylor, Cornwall-on-the-Hudson, yesterday morning, carrying off \$500 worth of jewelry. Mr. Taylor was absent at the time.

Mrs. Taylor was aroused by the noise, and one of the burglars pointed a revolver at her head and ordered her to be quiet. She became faint and asked for a glass of water.

Just at this time her 14-year-old daughter came downstairs, and the burglars compelled the child to get into bed with her mother. One then got the glass of water and held Mrs. Taylor up in bed while she drank it.

The burglars acted with deliberation, and were evidently professionals. They used ropes and ladders in entering and leaving. They have not been traced.

FIGHTING LONG HOURS.

New York Bakers Determined to Lessen Excessive Work.

New York, April 26.—It has been decided by the Greater New York executive board of the bakers' unions, in consequence of the decision of the United States supreme court declaring the 10-hour law unconstitutional, to enforce the demand through their own efforts, if possible.

15,000 EARTHQUAKE VICTIMS.

Widespread Desolation in the Punjab District.

Lahore, April 26.—The lieutenant governor of the Punjab, in the course of a public address on behalf of the earthquake fund, has stated that he hoped the deaths by the earthquake had not exceeded 15,000. Within the affected area, seven hundred square miles, with a population of 250,000, nearly every building had collapsed or been rendered uninhabitable.

CANAL WORK GOING ON

Engineer Wallace Corrects False Impressions.

GOOD PROGRESS IS MADE

Everything in Line With the Plans Proposed — There Will Be Only a Very Few Necessary Variations.

Chicago, April 26.—John F. Wallace, chief engineer of the Panama Canal Commission, who has arrived in Chicago, said he was very much surprised to note, from his reading of the daily papers that the American public seemed to have the idea that the Canal Commission was "just wobbling around" without any definite plan as to how it should build the Panama Canal. Mr. Wallace said he would like to have this impression corrected. "The work of building the canal," he said, "is going forward under definite plans and with satisfactory progress. All work is being done in accordance with the plan recommended by the first isthmian commission, headed by Admiral Walker, and upon which the Spooner act was based, i. e., the ninety-foot level canal, to cost approximately \$194,000,000. The commission is constructing a canal in strict accordance with that project, with such necessary minor variations as will not conflict with the general plans, and if Congress does not take any other action or adopt any other plans, the commission will build and finish the canal in accordance with that plan, and it will be completed inside the time outlined and within the amount specified by the Spooner act. These are the facts."

PROTECTS HAVANA OFFICIALS

Cuban Congress Blocks the Search for Papers.

Havana, April 26.—The House of Representatives Monday unanimously rejected the request of the supreme court for permission to search the House for the missing papers in the case of the charges of the national government against Havana officials, which papers were seized by six Nationalist members of Congress on April 14. The House adopted a resolution asking President Palma for a list of employees discharged by the present government and the reasons therefor.

NEBRASKA GIRL'S ODD FAD.

Makes Specialty of Collecting Engagement Rings.

Washington, April 26.—In the new scrutiny of the mails, a strange case has been discovered. A young woman in Nebraska, who is an inmate of an institution, has made a specialty of collecting engagement rings. She has responded with hundreds of men, through matrimonial agencies, becoming engaged to them liberally. She has remarkable success in bringing the cases up to the ring stage, but stops there. Post Office Inspector St. Clair has been directed to investigate, and it is possible that her mail will be held up.

NEW YORK ARTIST

Recommends Vinol to Create Strength.

A prominent New York artist, Mr. Jules de Natton, writes: "This is to certify that I have taken Vinol as directed and found it of great value as an appetizer and tonic in general debility. After all other tonics and medicines had failed to help me Vinol built up my strength and invigorated my whole system in a remarkably short time. It is certainly a delicious cod liver oil preparation and contains none of the greasy, disagreeable features of old-fashioned

cod liver oil and emulsions, and I want to recommend Vinol to every one who is in a weak, run-down, debilitated condition."

This is only another illustration that where all other tonics and emulsions of cod liver oil fail, Vinol will purify and enrich the blood, increase the appetite and create strength.

Druggist Wells, of Rickett & Wells, says: "The reason Vinol accomplishes such remarkable results is because it contains in a concentrated form all the curative, strength-creating properties of that famous old remedy, cod liver oil, but without a drop of oil or grease to upset the stomach and retard its work."

"We wish every man, woman or child in Barre who is run down, tired, debilitated or overworked would try Vinol on our guarantee to return their money if it fails." Rickett & Wells, Druggists.

TO OWN THE CAR LINES.

Cleveland Taking Steps to Get \$22,000,000 Corporation.

Cleveland, O., April 26.—At a conference Monday between Mayor Johnson and President Andrews of the Cleveland Electric Railway Company relative to the extension of the franchises of the company, which operates all of the street cars in the city, Mayor Johnson explained his plan for the leasing of street car lines, that being the preliminary step to ultimate ownership. President Andrews said he was ready to surrender the \$22,000,000 corporation if the city would "play fair."

The proposal, reduced to writing, will be presented at the next meeting of the city council for action.

IF YOU ARE ILL READ THIS PROPOSITION.

It is Made in All Good Faith by a Manufacturer Chemist of an Unquestionable International Reputation.

HE TAKES ALL THE RISK.

If you are ill from any disorder of the stomach, or you are inclined to attacks of Biliousness or Constipation, if your bowels are inactive at times, if your kidneys are sluggish or pain you, or you suffer from Sick or Neuralgic Headaches, buy a 50-cent bottle of "Seven Barks" from your druggist. If this first bottle does not benefit you, or you are disappointed in its action, take the remaining portion back and get your money. It will be cheerfully returned. Or, if you do not care to chance 50 cents on the experiment, go to the druggists named below and tell them frankly that you are willing to faithfully try "Seven Barks." If they will trust you until the experiment is concluded, and if you are satisfied with the results you are to pay for the bottle, otherwise it is agreed you shall not pay a cent. The dealer will cheerfully give you a full-size bottle on this condition. "Seven Barks" is put up in a concentrated form. Commence with ten to fifteen drops, in a little cold water or milk. Take immediately after eating, and if you have Stomach or Bowel Troubles of any sort, or disease arising therefrom, you will find instant relief and finally a complete cure. The following extracts from original letters indicate the merit of "Seven Barks."

"I feel satisfied that if anything will prolong life it is 'Seven Barks.'"—Wm. J. Hancock, Garden City, Utah.

"Doctors called it Catarrh of the Stomach and Bowels. He is better now than for fifteen years. He owes it all to 'Seven Barks.'"—G. W. Viles, Collinsville, Ill.

"I have used 'Seven Barks' for past twenty years. It has saved me many doctors' bills. Have found it a most excellent remedy for Indigestion, Loss of Appetite and Kidney Troubles."—L. A. Ames, Prospect, Me.

CHAMPIONS SLAUGHTERED

Bill Dineen No Match. For Bender's Twirls.

THE SCORE WAS TEN TO SIX

Boston Nationals Lost to Brooklyn in Spite of Fact That They Had Willis in the Box—Rain Spoiled Two Games.

Boston, April 26.—Opportune hitting by the Athletics and some poor fielding plays by the home team allowed Philadelphia to down Boston yesterday afternoon by the score of ten to six. Dineen started to pitch for Boston but was sent to the stable in the seventh. Winter taking his place. It was a cold time for Winter, as the Phillies rapped out three safe ones, including a double and a triple, in the eighth, scoring four runs and thereby putting the game beyond reach. Three more hits in the ninth gave the visitors two more scores. Boston started off finely. After Collins had gobbled three flies in the first inning, he rapped out a home run clear to the center-field fence, sending in Sebach who had singled to right. Errors allowed Philadelphia to score one in the second, and they scored three in the fourth on three hits, a pass, a sacrifice or two and an error. In the sixth and seventh Boston evened it up, but the Philadelphia more than made good in the next inning. Bender pitched a good game for the visitors.

"Mighty Joe's" Great Value.

"Mighty Joe" Crapo, the Montpelier ball player, is doing great stunts on the second base for the Wilmington, Delaware, team. On Saturday, Joe fouled "eight good ones," and then lined one out for two bases, so disheartening to the opposing pitcher that he had to take "to the tall timber," so the Wilmington Star says. Besides he made three put outs, one assist and didn't have an error.

CHURCH AND CLERGY.

Provincetown, on the tip of Cape Cod, is to build a floating church for summer religious work.

Rev. Dr. Henson of Tremont temple, Boston, will sail for England on June 27 and will make the opening address at the Baptist congress in London on July 10.

The loss of its property by the United Free Church of Scotland has not affected its membership. It is reported that the classes of young persons preparing for admission to the church were never so large as now.

POLITICAL QUIPS.

A new office building is to be added to the capitol. Unfortunately nobody realizes the necessity for improvements in our style of statesmanship—Baltimore Sun.

Had you thought of it? The greatest government the world ever saw really has a vice president again, and the fact simply reminds us how easy it is to get along without one.—Richmond Times-Dispatch.

Neuralgia And Other Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves. The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia. They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always cure my headache in five minutes time." FRED B. SWINGLEY, Cashier Nat. Bank, Atkinson, Neb.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

WELCOME TO CANADA.

No Need to Fear American Immigration, Says Earl Grey.

Toronto, Ont., April 26.—Earl Grey, governor-general of Canada, was the guest of the Union club Monday night. In the course of a strongly imperialistic speech he referred to the influx of American farmers into Canada in the following words:

"America is vainly trying to stop the outflow of her farms into the Dominion, and every British family that comes into Canada is a distinct addition to the national wealth. The fear is sometimes expressed that American citizens may become dangerous citizens of the Dominion, but that is not my opinion. They are not here long before they find that they enjoy greater freedom and greater security than they did in the United States, and, in my opinion, the more Americans that come the better. They bring capital, experience and character, they come from the fountain head that we do, and I believe they are as glad to become the loyal sons of Canada as we are glad to number them among our citizens."
